## WARRANTY

The Douthitt Corporation warrants all equipment manufactured by them for a period of one year, against breakage of parts resulting from defects in material or workmanship under normal conditions of operation, installation and usage. Douthitt's liability under this warranty shall extend only to repair or replacement, F.O.B. Douthitt's factory, and all broken or defective parts are to be returned to Douthitt if Douthitt so requests. Douthitt reserves the right to inspect such broken or defective parts prior to repairing or replacing same.

Douthitt's warranty of purchased parts and components is limited to the warranty extended by the original manufacturer of such purchased parts and components. This warranty shall apply only if complaint is made in writing to Douthitt's factory within the warranty period.

The period of this warranty shall begin on the date of shipment from Douthitt's factory, and shall extend for twelve (12) calendar months

thereafter on all equipment installed without Douthitt's supervision. On all equipment installed under Douthitt's supervision, this warranty shall extend for twelve (12) calendar months after the date of completion of installation, unless installation is unreasonably delayed by the purchaser, or for causes beyond Douthitt's control, and in such cases the maximum warranty period shall be for thirteen (13) calendar months after date of shipment from Douthitt's factory.

The liability of Douthitt shall in no case exceed the obligation to replace such broken parts as herein provided.

This warranty shall be of no force or effect if alterations or modifications of any nature are made by the purchaser without Douthitt's full knowledge and written consent.

No guarantees or warranties apply except as above set forth.
